Wedding Bells

FLETCHER — BRAITHWAITE

All Saints Cathedral was the setting for an attractive bridal on Saturday evening, May 12 when Miss Patricia Noreen Braithwaite became the bride of Mr. John Irvin Fletcher. The bride is the daughter of Mrs. J. N. Braithwaite and the late Mr. Braithwaite. The groom's parents are Mr. and Mrs. J. Fletcher, all of Edmonton.

Spring flowers decorated the altar for the double-ring ceremony performed by the Very Rev. J. Grant Sparling.

Given in marriage by Mr. Geo. Bays, the bride wore a gown of white lace and nylon over satin. Her dress fell in train and she wore a finger tip veil which was held in place with a halo of seed pearls. She wore a single strand of pearls and earrings to match, gifts of the groom and carried a prayer book garnished with roses and stephanotis.

Bylaw No. 309 concerning the sale of Lots 13-14-15, Block 27, Plan 1156 A.E. to John R. Ford of Wainwright for \$45.00 cash presented.

It was moved and carried that Bylaw No. 309 pass its first, second and third reading. Cd.

Bylaw No. 310 concerning the sale of Lots 36-37-38 and 39, Block 27, Plan 1155 A.E. to James C. Ford of Wainwright for \$65.00 cash presented.

It was moved and carried that Bylaw No. 310 pass its first, second and third reading. Cd.

Bylaw No. 311 concerning the sale of Lots 11-12, Block 27, Plan 1155 A.E. to Dave Sutherland of Wainwright for \$30.00 cash presented.

It was moved and carried that Bylaw No. 311 pass its first, second and third reading. Cd.

Bylaw No. 312 concerning the sale of Lots 17-18-19, Block 10, Plan 1155 A.E. to Charles S. Rule, Sub. 23, Edmonton, Alberta, for \$45.00 cash presented.

It was moved and carried that Bylaw No. 312 pass its first, second and third reading. Cd.

Application of A. R. Cook to have his property lot 45, Plan 1155 A.E. for \$200.00 be refused. Agricultural Service Board.

Mr. F. W. Macleod Field Supervisor gave his report from April 7 to May 5, 1951, dealing with mostly Bangs Disease, Warble and Toad Flax Control, also reference to Noxious Weeds from Seed Cleaning Plants.

For her daughter's wedding Mrs. Braithwaite wore a dress of grey faille with pink accessories and sweetheart roses on corsage.

The groom's mother wore a rose bed crepe dress, with navy accessories a corsage of Sweetheart roses was pinned at her shoulder.

Laid with a white cutwork cloth, the bride's table was centred with a four tiered wedding cake, spring flowers and white tapers. About 80 guests attended the home reception. Mr. George Beggs proposed a toast to the bride.

For a honeymoon to the U.S. the bride changed to a navy, Pic and Pic suit with big accessories and her corsage was Sweetheart roses.

On their return the newlyweds will make their home in Edmonton.

Out of town guests at the wedding were Mr. and Mrs. Ray Bellair, Calgary, Mr. and Mrs. Gil Berg, Calgary, Mrs. J. Braithwaite of Leask, Sask., and Mrs. Cairns and daughter of Red Deer.

Mr. and Mrs. E. Rude and family of Tofield and Mr. and Mrs. H. R. Whidden of Hardisty were Sunday guests at the H. A. Whidden home.

Mr. and Mrs. N. Stauffer and family spent the weekend at High Prairie.

Margaret Nichol has gone to Minburn to spend the summer with her brother, John Nichol.

Mr. L. A. Moore, our student minister, is attending our conference at Calgary this week. There will be no service at any of the appointments this Sunday. The following Sunday, June 3, there will be a combination service of the Jarow-Battle congregations at Jarow at 3 p.m. Come and bring a friend.

Little Brian McCune celebrated his third birthday last Friday by inviting all his friends, both young and old, to a weiner roast. From reports, the oldsters enjoyed it as much as the youngsters.

Jack Bolster, the relief operator, visited at Oyen over the week-end.

The Batts district is buzzing day and night with the activities of the oil crews. Several wells are being drilled here this season.

Mr. and Mrs. R. C. Handy and family of Bruce were visitors at the Stan and George Bridgeman's on Sunday.

Vermilion Choir Coming to Irma On June 13

The Irma Junior Grain Club is sponsoring the Vermilion Choir in Kiefer's Hall on June 13, 8 p.m.

This program is from 1½ to 2 hours in length and is to be followed by a dance. Music by Coulman's orchestra.

The club was very fortunate in getting this choir to come as they have made many previous engagements. This Vermilion Choir has shown its talent in some of our neighbouring towns and any one we have talked to would like to hear it again.

Northern Nuggets

Mr. and Mrs. David Currie and Mr. and Mrs. Gerald Currie motored from Edmonton last week to visit Mr. H. H. Currie on his birthday.

Little Bobbie Ramsay was bitten by a dog last week and he required medical attention. His injuries were not serious.

The warm weather has arrived at last and everyone is too busy with seeding and gardening to do any visiting.

FUA Meeting Strawberry Plains On May 29

The regular monthly meeting of the FUA No. 770 will be held in Strawberry Plains on Tuesday evening, May 29 at 8:30 p.m.

Several important matters are to be discussed and it is hoped that all members will make an effort to attend. All farmers welcome.

Shower Honors Bride-To-Be

On Monday last, Hedley's Hall was the scene of a happy occasion when Miss Marney Kennedy was guest of honor at a very beautiful bridal shower.

A large group of friends and well-wishers were gathered together and a jolly time was spent.

After some community singing with Mrs. Black as pianist, young Gary Hubman, cousin of the bride to be, sang "I Love You" and "It's No Secret," with Mrs. Hurst as accompanist. Audrey Jones then played two accordion numbers.

A Search for Talent stunt was then enjoyed and finally "The Kitchen Band" marched musically around the hall playing symphonic strains on corn poppers, toasters, kazoos, hummings, mugs and pokeres, hose pipes and funnels. Some of the bandswomen sang while others played. Their theme song was an oldie to Marney composed by our Irma band, Mrs. G. Hurst.

Then the two Hubman boys paraded a big bass drum and cymbals, all of home made construction and symbolic of Marney's orchestral status, around the drum on a decorated wagon were some shower gifts while many more were placed on a long table at the front of the hall. Marney was invited to open her gifts and a truly wonderful array of useful and beautiful articles were brought to light when these had been admired by all, the bride to be warmly expressed her thanks and appreciation. A very delicious lunch brought the jolly evening to a close.

The hostesses were Mrs. E. Furd, Mrs. Wm. Hubman, Miss Audrey Jones, Mrs. Anquist, Mrs. Hunt, Mrs. Gunn, Mrs. Milne, Mrs. McLean, Mrs. Hunter and Mrs. Halverson.

Easterly Echoes

The Battle River W.I. met at the home of Mrs. Ralph King. Mrs. G. Denton told the draw which was won by Mrs. A. Cook. The program was in charge of Mrs. A. Cook and the hostesses were Mrs. Ralph King and Mrs. M. Enger. Mrs. Dootson was appointed the delegate to attend the W.I. convention in Edmonton.

Little Lois Casper stayed at the home of Mr. and Mrs. Ralph King while her parents, Mr. and Mrs. O. Casper were away to the city for a few days with Mr. and Mrs. W. Fletcher.

Mr. Robt. Dalton Jr. has accepted a position with Iverson Electric at Wainwright.

Mrs. Dootson and Mrs. J. McCarty went to Edmonton on Sunday. While there Mrs. Dootson will attend the W.I. convention.

Anyone wishing to send old woolens for blankets may do so by contacting any of the Battle River W.I. members before June 7. It takes 7 pounds for one blanket.

Moving In Canada

HOUSING HAS BEEN a problem in almost every community in Canada during the past five years. Curtailment of building for civilian purposes during the last war caused an accumulated need for new houses and for repairs to older homes and this shortage was aggravated by the fact that in the years of financial depression which preceded the war, lack of funds for construction work had caused a decrease in the normal building activity. Increases in the number of families, and the return of men from war service placed a great demand on housing after the war, and in spite of extensive building programmes in all parts of the country, this demand has not yet been met. High costs of building materials and shortages of labour have been obstacles in the way of many plans for home building, and it appears that this situation will be even more acute in the future.

Some Buildings Not Completed A report on building conditions in 1950, issued by the Central Mortgage and Housing Corporation, showed that in spite of rising costs 67,900 new homes were started in the first nine months of 1950, but due to difficulties in securing labour and materials some of these buildings were not completed. Materials increased in cost by fifteen per cent in that time, and the 371,000 construction workers in Canada could not fill the demands for their services. Wages rose by some four per cent in that period, and there have been further increases in the costs of both labour and material. The report showed that of the 67,900 homes started in Canada between January and October, 1950, 17,000 were in areas with populations of less than 5,000.

Shortages In Other Places Although more than 200,000 housing units were constructed in the first four years after the war, it is apparent that there is still a need for new houses, and that rising costs are likely to obstruct new building to Canada alone. There have been acute housing shortages in other places, and conditions here have not been unduly hard when compared to those in Great Britain, France and some parts of the United States. However, inadequate housing gives rise to many problems including health, juvenile delinquency, and other matters related to the welfare of the people, and the need for homes, especially in the lower price ranges, remains a national problem which concerns many people, in all parts of Canada.

Company Plans Oil Test South Of Regina

CALGARY — Shell Oil company announced it will start drilling operations on a wildcat venture in southern Saskatchewan about 85 miles south of Regina and 14 miles north of the United States border.

The company, which holds about 20,000 acres of crown permits in Saskatchewan, will drill about 10,000 feet as a devonian test, the first such deep test since the recent devonian discovery in neighboring North Dakota.

Several other wildcats are expected by Calgary oil circles to make devonian tests in southern Saskatchewan this year.

Game Guardian Reported Seeing Whooping Cranes

YORKTON — Alex MacDonald, a deputy game guardian near Felt, reported seeing five of the rare whooping cranes recently in a field directly south of the old-site of Port Moresby.

Mr. MacDonald said he saw the birds at close range and there was no mistaking them. Now an elderly man, Mr. MacDonald was born at Fort Felt where his father was employed. He said he had been interested in animals since childhood and has become familiar with the whoopers since boyhood days when the cranes were then quite plentiful.

The reason:

A type of molasses now is a by-product in making sugar beets. The farmers haven't found much of a market for it although it is cheap and plentiful.

Now the N.R.C. has found a way through fermentation to convert it into butanol, "a valuable and versatile chemical." One of butanol's uses is as anti-freeze.

The process is available for some industrialist to use. A plant to produce butanol this way would cost about \$2,500,000. Production cost would be around 23 cents a pound.

May Mean Good News For Sugar Beet Growers

OTTAWA — Some of the automobile anti-freeze of the near future may be made of sugar beet molasses.

Government scientists with the National Research Council reported that possibility and said it could mean good news for sugar beet producers in Quebec, Ontario and Alberta.

SEEK FLIN FLON AREA FOR PARK

FLIN FLON — The town council listened with a sympathetic ear recently to a delegation from Willow Vale subdivision, as they pleaded to have an area subdivided from the creek lot, uninhabited, that a park could be landscaped. The 35 residents asked that the area be not subdivided into lots, as there is a natural beauty, that can be developed into a much-needed park. The town fathers, who had intended dividing the specified property into lots for homes, agreed to take the matter under advisement and will report later on their decision.

HOMING PIGEONS HAVE NOTHING ON THIS CANARY

COVINGTON — Homing pigeons have nothing on Queenie, a Vancouver Island canary. Mrs. Edna Smith of Kye Bay sold Queenie to Mrs. Alice Parrish of Courtenay several months ago. But the little warbler apparently became homesick and turned up at her old home 24 hours after flying out of the window of Mrs. Parrish's house, 10 miles distant.

Drilling Hits Record Pace

EDMONTON — Wildcat drilling in Western Canada was reported at a record pace with 79 rigs working on exploratory ventures. Another 73 drilling rigs are active in proven and semi-proven oil and gas areas.

By far the greatest amount of drilling is carried on in Alberta, where 140 rigs were engaged. Eight are in Saskatchewan, six of them on wildcat ventures. Three exploratory tests are being drilled in British Columbia and one in Manitoba.

B.C. Tree Pulp Become Ladies' Wearing Apparel

VANCOUVER — Many of the giant trees in northern British Columbia are destined to become ladies' dresses . . . handsome decorator fabrics . . . serviceable year-round suits . . . perhaps filmy lingerie.

The Columbia Cellulose purified pulp mill at Prince Rupert is manufacturing the basic material for chemical yarns and plastics. It is estimated that the present production capacity of high alpha pulp is sufficient raw material for 200,000,000 pounds of acetate yarn. And that's a lot of yarn.

With the general fibre market more and more subject to world conditions, as well as the normal hazards of crop failure due to uncontrollable weather conditions, the demand for chemical fibres is increasing. Acetate yarn, a precision yarn which can be controlled and engineered to serve a myriad of purposes, is in greater demand today than ever before.

* Gold 'n' 75 c. cream, 1 lb. granulated sugar, 1 c. shortening, cool to lukewarm. Meanwhile, measure into a large bowl 1 1/2 c. lukewarm water, 1 c. granulated sugar, 2 1/2 c. sifted cake flour, 1 envelope Fleischmann's Fast Rising Dry Yeast. Let stand 10 minutes. Then stir well.

Add 2 c. beaten eggs, beat until smooth. Work in 2 1/2 c. (about) once-sifted bread flour. Turn onto floured board and roll until smooth and elastic. Place in greased bowl and cover top of dough. Cover and let rise until double in bulk. Mix 1 c. granulated sugar and 2 1/2 c. sifted cinnamon; sprinkle half of this mixture on top of bread. Cut in 12 equal portions and turn out each portion onto prepared board. Roll out into a 12" square; fold back to front and freeze. Repeat rolling and folding 3 more times. Roll out board lightly if it becomes sticky. Seal edges and place in a greased 8" square cake pan and pat out to fit the pan; butter top lightly and press walnut halves well into the dough. Sprinkle remaining sugar and cinnamon mixture on board and treat second portion of dough same as first portion. Cover and let rise until double in bulk. Bake in a moderately hot oven, 350°, 15 min., while preparing the following syrup: for 5 mins., 1 c. granulated sugar, 1/4 lb. butter, 1/2 c. margarine or butter, 1/2 c. orange juice. Quickly pour hot syrup over the 2 partially baked cakes and bake cakes about 15 min. more. Stand baked cakes on edge, cool for 10 minutes, then loosen edges and gently shake from pan.

OUR COMPLETE SHORT STORY

All For You, My Darling!

"Of Course The Best Of Everything For His Jenny"

By RUTH NEWLAND

AS SOON as I beheld her, I thought of a marriage license and not of her father's fortune. It was a sure sign I really was in love. When the charming creature smiled back, I felt my heart beat very fast and I heard a voice inside me say, "Well, all's well with me, so you're fallen."

"Jenny, I love you. May I speak to your father and know my fate?"

The modest girl lowered her soft brown eyes. The small voice said, "They're closing in on you."

Next day I changed into a machine which concentrated on making enough money to realize all my dreams of Jenny. I was given to understand that, to marry her, I must buy in my bank book a sum of four digits.

Life began to have surprising revelations. Five o'clock in the

morning was not only the hour of going to bed, it was also the time to get up. The money one could earn before breakfast!

"Jenny, this month I've earned an extra \$500 . . ."

"What would be a place where she'd reign as queen?" I asked her in a happy moment.

"A cottage of eight rooms with a garden and antique furniture," she answered.

"Fifteen thousand dollars," said the builder, when I described Jenny's marble for the master . . ."

"Of course, the best of everything for my Jenny."

"In that case, \$17,500," said the builder.

Each hour of sacrifice was a joy to me. Love gave me strength. When the eyes of my beloved looked at me, my heart seemed to burst through my shirt. Ah, love, I thought, is an architect! "Wood, solid oak doors, antique dining room knobs he were dear!" An idea of my Jenny's. She spends much time in antique shops.

"An extra \$2,500," he said.

"We must have the best."

When May arrived, the dream house was a wonderful reality. Like a fairy castle the cottage raised its beautiful face, offering the last word in comfort, even luxury.

"Young wife," Jenny told me, "she stood before our house, which to me looked like a mirage."

A week later they played the Wedding March, while my bride held my arm. —Weak but triumphant, I marched down the aisle, having given a kingdom to my darling.

The love that Jenny lavished on each brick, each piece of marble, each piece of furniture, was extraordinary. I saw evidence of her love, returning from work.

"Take care, foolish man, can't you see the floor was just washed?"

"Excuse me, dearest. Don't be angry. I did it without thinking."

"Not through those hedges they've just been cut."

"Excuse me, love. I'll be careful." I sat down on one of the sofas to rest from what I'd heard. But I was pulled up.

"You'll soil the upholstery with your work clothes."

I went to change my clothes in the bedroom.

"Excuse me, I'll be careful. Don't scratch the finish off the step."

"I left my coat on the back of a chair. Jenny yanked it off and gave it to the hanger."

"That's a dining room chair. I've told you a hundred times not to leave things around."

The house, the furnishings, the ornaments, all that I've bought with great sacrifice for her, all have displeased me with her, have yet me aside.

I now welcome with strong hatred for all which was my own doing.

"Feel that? I am." I said to myself with regret.

And if I did not propose to Jenny that she choose between the house, the furnishings, the ornaments and me, it was only to spare myself hearing her say:

"I'll take them..."

WILLIAM J. HYDE, 81

Former Saskatchewan Curler Recalls Early Days Of Game

VICTORIA, B.C.—One of the happiest and most determined men in Victoria these days is William J. Hyde, 81, a retired curler and entrepreneur.

Hyde's happiness stems from his showing in the fifth annual Nanaimo bonspiel recently. A curler for 50 years, Hyde had been away from the game for seven years before he entered the Nanaimo event as a member of Max Zabel's Victoria rink, which reached the final in two events and the semi-finals in a third. Zabel's rink was skippered by Bill Grey, who captained the Alberta champions in the Macdonald Brier event at Halifax last autumn.

Always a skip in his younger days, Hyde played lead for the first time at Nanaimo and turned in a good performance. "I was the only one stronger at the finish than at the start," he proudly stated.

"I'M MY OWN GRANDPA"

PRINCE ALBERT—The old hill-billy tune, "I'm My Own Grandpa," is materializing in reality. According to authentic information, a 35-year-old bachelor, Corny Friesen of Hagen, intends to become his own grandfather.

Mr. Friesen's grandfather died a year ago, leaving his widow, 42-year-old Mrs. Friesen, his third wife. She, of course, is Corny's grandmother and the prospective wife of grandson Corny.

Now if Corny marries his mother, he will become his own grandpa.

To make the story more confusing, the future bride has a son who is present Corny's uncle. After marriage, Corny will become step-father to his own uncle.

Farm Prices At New High

OTTAWA—Canadian farmers got more for their produce in March than ever before.

The Bureau of Statistics reported that its index of farm prices for agricultural products rose to a record 280.8 in March.

The previous peak had been set in March, 1950, when the index stood at 272. In March, 1950, the index was 252.4.

Cattle Poisoning . . .

A farmer in the Wainwright Municipality had a very unpleasant experience recently when he lost 4 cows from the results of eating Sodium Chlorate (weed poison). One week earlier he had two cows die very mysteriously and it is suspected they could have died from the same cause. This is a considerable loss in dollars and cents as well as property. It is unfortunate that such a thing should happen and we hope it will not occur again.

Sodium Chlorate weed chemical resembles salt to a certain extent, but if you taste it you can certainly tell the difference. Sodium Chlorate is not considered poisonous but salt hungry animals will eat it on vegetation that has been sprayed or some other form may get enough to cause injury.

I would like to suggest that anybody having Sodium Chlorate on hand, refrain from placing it in access to livestock and also mark the containers clearly. A golden rule is that if you are not sure of the product, don't place it in the fire or throw it out to live stock.

Sodium Chlorate is also inflammable.

New Poster on Screenings . . .

A new poster is being displayed in elevators, post offices and other conspicuous places on the handling and disposal of screenings. This poster clearly displays the section of the Noxious Weeds Act dealing with grain screenings. I wish to solicit the co-operation of all parties concerned in carrying out these regulations. It is not our practice to go around prosecuting individuals, but if the occasion arises we are prepared to go to the extent of the law. I certainly hope our hand will never be forced.

Viking Items

Mr. Wm. Darby, Chief Engineer, City Power Plant, Edmonton, winner of the March Car in the present Car-A-Month Club series, has made a donation of fifty (\$50.00) dollars toward the erection of the Viking Arena. Mr. Darby, in order to show his appreciation to the club, has made this welcome gesture to assist the arena executives in their efforts. We are wholly in accord with such thoughtfulness.

On Tuesday evening, May 15, a group of about 25 tennis enthusiasts gathered in the public library for the purpose of reorganizing the Viking Tennis Club. It was estimated that the courts could be repaired for the sum of about \$60. John Lefsrud was elected president, Mr. Hemphill vice-president, Miss Helen Kawallak, secretary-treasurer. Fees were set as follows: Adult \$3.00; Students \$2.00; SWM \$6.00. There are already 30 paid-up members. Season tickets will be had from any member of the executive.

The Viking Beef Calf Club will hold their Achievement Day on May 29. The judging to take place at the Viking Stock Yards in the forenoon. Following the judging here, the calves will be trucked to Holden where they will compete against the Holden winners.

Robert Benson McIntosh and Miss Dorothy Ann Loughlin received their B.Ed. degrees at the University of Alberta convocation exercises and were granted the senior diploma of the Faculty of Education on Wednesday, May 10. Mr. and Mrs. Wm. McIntosh attended the exercises.

Hon. Gordon Taylor, minister of highways, will address the Chamber of Commerce here on Thursday, June 8. This will be a noon luncheon meeting. Keep the date in mind.

Larry Williams, district agriculturist, and family of Sedgewick stopped over in town on Sunday, bound for the oil capital of Canada.

While cracking up the old press at the rear of the News Office on Monday, a casting fell on Martin Hjessvold's ankle and bruised it quite seriously. Dr. Caldwell was called and Martin was taken to the hospital for repairs.
